ISSW34

The 34th International Symposium on Shock Waves

ISSW is a continuation in the series of biannual international symposia that have been held all over the world since 1957 and are held for the first time in Korea. The symposium venue, Daegu, located in the middle of the Korean peninsula, is the capital of modern industry in Korea and is also famous as a city of fashion and passion. As with previous symposia, the ISSW34 covers theoretical, experim...
